SUBJECT: BSE / TSE DECLARATION

This is to certify that entire manufacturing process including the starting materials for “Estriol” is free from **BSE** (Bovine Spongiform Encephalopathy) and **TSE** (Transmissible Spongiform Encephalopathy). “Estriol” is manufactured by totally synthetic route and the precursor material is not produced from any animal source.

Therefore, this is in compliance with the guidance on minimizing the risk of transmitting animal spongiform encephalopathy agents via human and veterinary medicinal products (EMA/410/01–Rev.3)
